Make a logo from text

Describe the brand, style, and colors, and generate a square logo image.

How to make a logo from text

Three steps to your first logo image on nabn.

1

Describe the logo

Type a prompt: the brand or initial, the kind of mark (monogram, letter mark, emblem), the colors, and the mood.

2

Generate the image

Sign in, spend credits, and the tool renders a square logo image from your prompt.

3

Refine the prompt

Not quite right? Adjust the wording — swap the color, the icon, or the style — and generate again until the mark lands.
